Your patients are in
for enough challenges.
Paying for treatment
shouldn't be one of them.

Introducing the payment plan that makes infertility treatment affordable for more patients.

Research shows that 85% of people interested in having a biological child never begin treatment because they think they can't afford it.

That's a heartbreaking statistic. And an unnecessary one.

Family Fee Plan is a patient payment plan that makes it easier for patients to begin treatment or manage the cost of additional cycles. A low fixed rate and manageable monthly payments for your patients — and a fast, non-recourse payment for your practice — make Family Fee Plan an attractive alternative.

Learn more about Family Fee Plan by visiting Booth #1113 at the ASRM annual meeting in Orlando, October 22 - 24. While there, don't forget to enter our daily raffle for a Ping Iso-Force Putter.

We look forward to seeing you there.
